

ACCOMMODATION IN HUELVA

For your convenience, we recommend to rent a flat in the city center or near the Campus El Carmen (Los Rosales, Fuentepiña, Avenida Andalucía, ...). We also strongly recommend you flat sharing with Spanish students since it will ease your integration and you will improve your Spanish language command. Even some platforms offer advanced booking, most students select their flat or room once they arrive, after spending some days in temporary accommodation.

Accommodation is one of the most stressful issues for students, but it is relatively easy to find a flat or accommodation in Huelva in more or less a week. Regarding the different places to rent a flat in the city, there are some neighborhoods or zones that are usually the most convenient for Erasmus students. There is a list of some of them:

- Isla Chica: this is one of the liveliest neighborhoods in Huelva, with lots of shops and services for you to live comfortably. Moreover, it has a really good connection with university via bus (both campuses are well-connected), and riding a bike is also a good option for arriving to the Campus.
- Los Rosales/Fuentepiña: these neighborhoods are really close to Campus El Carmen and it will only take 5 minutes walking to arrive to the university. Usually these flats are cheaper than the ones in Isla Chica, so it is a good option for you due to their prices.
- City Center: this place has lots of different restaurants, bars, shops and services for you to have an enjoyable stay here in Huelva. Flats in the City Center will be more expensive than the rest of zones, as they are located in the City Center, but there you will have more options to make plans and meet new friends. If you are

taking lessons in Campus La Merced, we would recommend you to start looking for accommodation in this zone, as the faculty is located in the City Center.

- Avenida Andalucía: this avenue is just next to Campus El Carmen and, again, it will only take 5 min by walking to arrive there. Public transport has a good connection from there to the City Center, so meeting and hanging around will not be a problem for students.

Here you have some tips for you while looking for accommodation, there are some that will make this issue easier:

- Remember that most of the owners of the flats usually speak only Spanish, so you may be required to use an online translator if necessary. Try to speak in Spanish since it will increase your options to find an accommodation.
- You can ask your Erasmus coordinator about students that have previously stayed in Huelva, so they can give you some advice or information.
- In case you don't find any room, try to contact some other Erasmus students so you can look for a flat together.
- The ESN office will help you in case you have any problem related with accommodation or any other issue (contact details in the following pages).
