

ADIPOBIOLOGY RESEARCH GROUP
INSTITUTO MAIMÓNIDES DE INVESTIGACIÓN BIOMÉDICA
(IMIBIC)/REINA SOFIA UNIVERSITY HOSPITAL/ CÓRDOBA
UNIVERSITY

We seek for candidates interested in applying for a Postdoctoral Position in the Laboratory of Adipobiology at the IMIBIC/Reina Sofia University Hospital/University of Cordoba, for the current call “Contratos para la formación posdoctoral” (MINECO, BOE No. 313, December 31, 2013).

The research to be conducted will address novel mechanisms controlling lipid and protein homeostasis in adipocytes and their functional relevance for the development of insulin resistance in obesity.

The candidate should have a relevant PhD and be a talented researcher with a strong motivation for translational research.

The research will be carried out in the Instituto Maimónides de Investigación Biomédica de Córdoba (IMIBIC), a research health institute of the University of Cordoba and the Reina Sofia University Hospital. This environment provides excellent training for researchers in a multi-disciplinary environment and is equipped with state-of-the-art facilities.

Informal enquiries or applications (CV, publication list, cover letter and references) can be made to:
